

Sinclair Broadcasting is abusing our trust by forcing their stations to air a political anti-Kerry documentary just before the election.

This is why we need to strengthen media ownership rules -- a classic example of abuse by a large corporation.

They use the public airwaves free of charge and this is both illegal and unethical use of those airwaves.

License renewal time will be a lot more "interesting" for Sinclair and for the FCC. Please let them know that they need to back off of this illegal use of the public airwaves.
